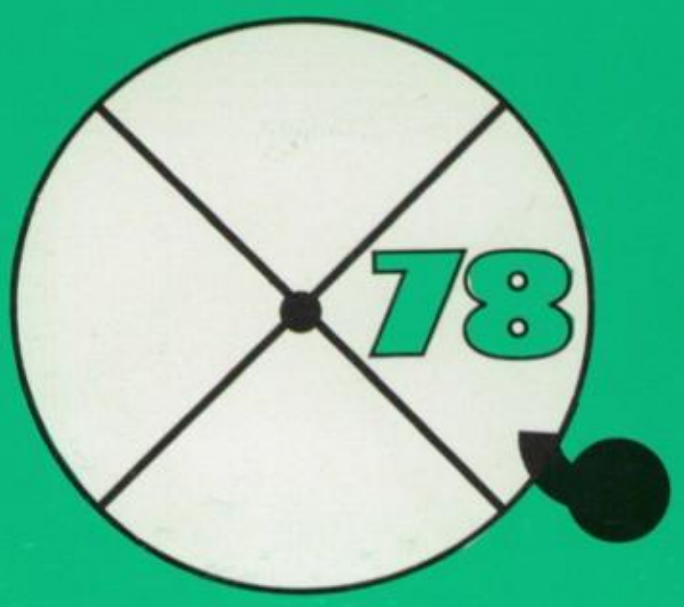
SPORTS



PEOPLE

mediapolis community school

mediapolis, iowa

Nationally, 1979 was the year for showing off the latest disco moves in tight, straight-legged pants or flashy disco dresses and skirts.

It was also the year for ups. Record-breaking snowfalls were a contributing factor in the flooding of many rivers and streams. Inflation rose to unaffordable proportions -along with the drinking age - which left most Seniors behind when it was raised to 19.

Cable T.V. was introduced in Burlington along with gasahol, which contrary to popular belief, is not drinkable.

While protesting farmers were pushing their way to Washington, D.C., the world was awakened by the first test tube baby and schools were plagued by an alarming amount of absences, reportedly due to the flu.

1979 was a year for new beginnings.

Students faced many cultural experiences when four foreign exchange students shared ideas from Sweden, Denmark, and Panama. When a new family from Laos arrived, a retired teacher, Erma Centner, shared her time and talents teaching the children our language. From Philadelphia came Mrs. Ortez, our first black teacher.

Memorable events were selling the Huron and Sperry school property and buildings, the start of a Co-Ed P.E., a near-total eclipse and a seemingly endless number of broken plate glass windows.

The track field completion was moved to the top of the list in priorities while the girls softball team christened the new diamond with a victory.

Records were in boys and girls golf when the team won matches for the first time. Ruth Beyerhelm went to Des Moines for state track and participated in the long jump. She placed eighth with a 5'2" jump, breaking her record at school.

THE GAME OF LIFE
A true life game for 450 students

You, too, can be a high school student in this game of life. That's the object of the game. It all centers around the Wheel of Fate. You can start out on Life's Highway, just out of junior high with a daily allowance and bike. As you travel you'll meet with success, failure, and revenge. Then your luck and decisions may give you more than one chance to make good. You may get revenge on a student who may be a sure winner. Fate plays a large part, but your decisions are also very important. For example, at the first fork of the road as a Freshman, you must decide whether to take it e-a-s-y with four subjects, or take the harder way with five or more subjects. You will come to other forks in the road. In each instance the longer way offers greater rewards, but also greater penalties. The choice is yours. Along the way, you may achieve good grades while becoming involved in extra-curricular activities. You'll know what it is to handle really big problems. You may become a Senior and be lucky enough to graduate, or get in trouble with the teachers and be expelled, or even drop out.

TO START

Choose a teacher. If you like, spin the wheel and low man is, of course, the teacher. The teacher tries to keep order, give assignments, present tests, and flunk you. Unless stated otherwise all homework is collected and checked by the teacher. He gives out the grades:

A for superior students
B for excellent students
C for average students
D for below average students who smart off to teachers
F For failures (usually those who don't exert their true abilities)

AWARDS DAY

1. At the start of the game before you spin the dial, decide if you wish to take the easy route with four subjects and no activity involvement, or whether you wish to take the hard route by taking at least five subjects with involvement in almost all activities. This route would be worthwhile throughout high school. Each time you become involved in an activity you will receive honor points and collect an award. If you do not participate, you will automatically be shot. Therefore you can not collect your award.
2. Awards Day: When you have participated in all these activities, you will get high school recognition by all students.

REPORT CARDS

When you land on the end of the quarter space you not only collect your grade – you also collect your attitude scores. There are three areas. Try your best in all of them.

1. Grades: This area is given to a student after each quarter is ended. Upon presentation of this grade, a student receives a copy in his records.
2. Attitude: This area is given to a student after each quarter is ended. This attitude score distinguishes if you are a brown noser, smart alec, or often spaced out.
3. Attendance: This area of the card entitles you to ignore it if you are a good student, or see how close you came to being kicked out of class (by a number of UNexcused absences) due to the attendance policy.

Note: If 12 absences you're out of the game.

ADD A BOY OR GIRL

1. When you land on a space marked "senior" add a foreign exchange girl or boy or both.
2. If you get more than 1, just crowd them in as you do in real life.

MOVING BACK

1. In going backward, you PAY NO ATTENTION to REWARDS OR PENALTIES as you pass over them or to the one you land on.
2. If space is occupied, move back to 1st open one.

REVENGE

Landing in a Green Revenge Space entitles you to one of these choices:

1. Collect a good parking place from any student you choose.
2. Block any player in their parking space.

LUNCH LINE

You are lucky to draw a 4th hour study hall, you collect the first warm plates. If you are unlucky, revenge will get you one more time by being knocked farther backwards by the upper classmen moving in front of you.

NOON HOUR

Here's your chance to place side bets. Take a bet on how many students will get caught for smoking in the restrooms. If you guessed right, move on down to the study hall and place your bet there. The student CANNOT play when the teachers are in the way.

LEISURE DAYS

When you land on a curricular meeting day you collect two free hours.

Take time off and scoop the snow due to the snowstorms which held you up 12 spaces.

BORROWING

If you are the type who misplaces your head, you probably end up borrowing the following:

pencils, paper
water colors & brushes
homework & test answers
gym clothes
boyfriends & girlfriends
and last but not least MONEY

WINNING THE GAME

1. Getting the signature from all the teachers.
2. Paying the library for overdue books.
3. A signed diploma is worth 32 credits.

BIG WIN AT RACES: COLLECT $1,100

Posing as barkers Steve Nelson and Kerry Kline attempt to get a player.

The Junior class played their chips right Nov. 16 at the Jr. Carnival beating the dealer and coming out ahead.

Most of the juniors were satisfied with the profit. Greg Wischmeier stated, "I was glad about the profits except we didn't do as well with the jail." Linda Siegle agreed, "we could have done a lot better."

Some people had a favorite booth. Linda Siegel explained, "I was in the spook house most of the night, so personally I thought it was the best!" Trina Gerling also thought the spook house was the best because, "I liked the way you entered it." Mike Butler stated, "I liked the fake puke at the end of the spook house." Todd Massner thought the most terrifying thing of the spook house was the tunnel.

Jr. Carnival wasn't all fun as some of the boothes were hard to set up. Mike Butler noted that in the football toss, "we couldn't get the tire to hang straight." Traci Curry found that "the duck pond was no problem except trying to find a small enough tank."

Mr. Kerr, junior class sponsor, observed that, "Every year they seem to get a little bit better, make more money, and get a little bit more organized. Jr. Carnival on one night is less hectic than having a bunch of car washes and bake sales."

Waiting patiently, Mrs. Jean Carter hopes to be rescued.

Getting some more balloons ready to shave are Barb Pfadenhauer, Rosalie Hartman and Beth Reighard.

LEAD PARTS DOUBLE CAST: COLLECT MORE STUDENTS

"The Solid Gold Cadillac" by George S. Kaufman is a satire on big business and government. It all begins when Mrs. Partridge infiltrates one of the stockholder's meetings. The stockholders hire her, then fire her whereupon she brings back former President of the company, Ed McKeever. She gets control of the company, fires the stockholders, and appoints Mr. McKeever President. Randy Siefken commented, "I thought it was funny when Bill Kelly said, 'Sullivan, I.N.S.' instead of 'Mathewson, I.N.S.' "

"I almost lost the crazy skin-head wig before the performance," explained Dan Roules.

John Ibbotson commented, "The cast party was a little dull but the play was well worth it."

Gail Housman stated, "I liked the part of Mrs. Partridge double-cast because there weren't very many girl's parts."

Posing as a Blues Brother, Kevin Warth performs "Soul Man."

Singing her own composition, Joni Jennifer performs, accompanied by Rick Courtney.

"We are the gopher girls," chant Cathy Brockway, Carolyn Schrock, Deb Tucker, and Lynn Huiskamp.

Brother and sister combination Laura and Jon Luttenegger sing "Mr. BoJangles."

Revenge was the name of the game that emcees Dan Roules and David Mueller played against Nancy Cling during the dinner theater. This was the first time entertainment was preceded with a meal.

The theme, "Yesterday & Today," was presented by the music department. There was quite a variety of entertainment. The top five performances chosen by a student survey, were the Blues Brothers, King Tut, the football guys singing, "I'm a Little Teapot", Jon and Laura Luttenegger, and the Du Deca Tones.

Out of the many performances, only one freshman showed her talent. Joni Jennifer sang a solo she had written, accompanied by Rick Courtney on the guitar.

Alumni provided the entertainment during the dinner. All earnings went to the band.

Du-Deca-Tones in action.

Baloons popping, new cheerleaders roaming the halls, and a few expectant mothers were some of the results of opposite sex day. According to many people it was the most well-liked costume day. Ruth Beyerhelm commented, "I liked it because I got to wear my dad's clerical collar." Judy Belknap added, "A lot more guys participated than I thought would." However, in the shy Freshman class, only two guys, Kyle Heckenburg and Terry Staats, were bold enough to show up in a dress. Kerry Kline stated, "It was hard to look like a girl for too long because everyone would try to pop your balloons."

To go along with opposite sex day, there was Cowboy & Indian day, Security day, and Orange and Black day.

Juniors Win: Collect Open Campus

Homecoming activities provided many new games and plenty of excitement as it went right down to the wire for the overall winner.

The car cram was one of the many new and unique games. Kenna Peterson commented, "I liked it because it was totally different than any other thing we've done." Joleen Hardin recalled "I was squashed, my head was jammed up against a window, and I could hardly breath."

To Nancy Cling the obstacle course was "really challenging, but the bubble gum was too hard to blow up."

The games came to a dramatic finish as it went down to the bat race to decide the winner between the Juniors and Seniors. After a bit of illegal play on both sides, the Juniors came out the winners.

Tammy Terry quickly rolls over her fellow classmates.

Janet Dill gives the starting cry in the tug-of-war.

HOMECOMING

Homecoming night was a time for many "firsts." For a change of pace, the football players experienced a homecoming game out of the rain, though on a wet field, as the Bulldogs edged L & M 7-0.

Another first were 6 candidates for homecoming queen. Because of a tie in the nominations, an extra candidate was added. During half-time Lisa Honson was announced the winner.

For the first time in many years the Senior hall won first place in "Deck The Halls." "Everyone cooperated more," was the key according to Kenna Peterson. She added, "We started working a month ahead of time which made things a lot easier."

SPACE RACQUET

Mediapolis is known for its highly organized parking lot. There is so much room that the newly paved lot to the left of the old parking lot wasn't even used during the winter months. There's not one student who could complain about not ever finding an empty space and having to park behind the school in the bus lot or in the Ag. driveway. In fact, Mediapolis has such good accomodations that we would never have to park further away than ½ a block from the school.

Mediapolis has heard shocking reports of schools who have had such drastic problems with their parking situation; such as everybody parking everywhere forming so much chaos that the aisles between the rows of cars couldn't even be found. There's even been problems with sutdents trying to get revenge on one another for being blocked in, day after day after day. Neither could we comprehend rumors that others schools intercoms were continually blaring out license numbers of cars to be moved throughout the day.

Of course, we have given solutions to these poor troubled schools, but nothing seemed to work. Thank Goodness, Mediapolis doesn't have such problems!

10 RULES FOR SURVIVAL IN THE PARKING LOT

1) Don't drive
2) Sit in car
3) Park close to east fence
4) Keep doors locked
5) Use seat belt whether moving or not
6) Sit on floor of car
7) Wear helmet
8) Install set of roll bars
9) Avoid walking on cement
10) Invest in a set of helicopter blades

THE WAY I FEEL TONIGHT

The Regency Royale Ballroom was the setting for the Jr.-Sr. Prom with the band, Rock Candy, playing a variety of music.

This room makes prom itself very elegant, with its crystal chandeliers and French-style floor length draperies. The Jr. Prom committee's decorations impressed everyone, with the use of pastel colors. Decorating each table, the wide bands of loosely interwoven ribbons, set off the white baskets of silk spring flowers and candles.

Favors were champagne glasses tied with pastel ribbons, white baskets filled with party mints, and booklets to remember the evening.

Darla Wallman commented on the decorations, "I thought the variety of pastel colors was better than having two main colors."

The two things that were different were the Moonies peddling silk flowers in the parking lot after prom, and the many faculty members who attended the dance.

Some faculty members enjoyed the prom so much they "took the prom" to Mr. Rosine who was unable to attend. According to Mrs. Carruthers it was not a dull evening.

Carnival was adapted from the broadway show, Lili. It is about a third-rate puppet show that hits instant stardom.

Mrs. Massner, director commented, "The puppet show was well received by the audience."

Mr. Luckenbill, music coordinator, stated, "It was a good follow-up of last year's play."

Dan Roules said, "It was hard to memorize the lines and even more difficult to learn how to play the concertina in one week." He, also, found the can-can a challenge.

Mark Wilson mentioned, "The best part of the play was the cast party."

Dawn Shaffer stated, "I'm just thankful that I didn't fall flat on my face, especially during the dances."

ACADEMICS

PUT ON PROBATION: LOSE TURN

98 was the lucky number of students going to South Dakota out of the 103 in marching band, including the 20 flag girls. Of these students, 35 are in Pep Band, 20 in Jazz Band and 83 are in Concert Band.

On the Day of Reckoning, these students boarded the big charter buses headed for Millionaire Acres, better known as Rapid City.

A total of 52 went to Solo and ensemble contest at Cardinal of Eldon. Out of the 52, 12 contest winners received I's and earned a gold medal. 22 received II's and earned bronze medals. Laura Luttennegger and Nancy Kelly were the only ensemble who received I's all four years of high school.

The stock split at Honor Band when 3 of the 4 students participating made it. Among them were Nancy Kelly, Peggy Denny, Dawn Schafer and Brenda Luckenbill. Brenda was the unlucky one.

David Mueller, the big winner at the races, received the John Phillip Sousa Award for being the outstanding Senior Band member.

Mr. Luckenbill came to Mediapolis in the fall of 1959. He started out with just teaching chorus, but in 1974 he took over band and according to him, "That was my biggest challenge, but my most outstanding accomplishment is surviving 20 years in Mediapolis." Mr. Luckenbill concludes, "The only change this year is the band going to corp style marching."

Apple Business Prospers: Collect Profits

For most of the year Econ Club sold their "Lip Smacking Red Delicious Econ Apples" for a mere 25¢, but with inflation they were forced to raise their prices to 30¢. Virtually every student in high school knows when these famous apples can be bought. Announcements of historic days and poems about Econ apples were broadcast between classes in the morning. The announcer was, of course, Econ Club president, Dan Roules.

The Econ class decided to sell apples because there was a definite market for them since many students are on diets and like to eat apples instead of fattening foods.

It was Mr. Coates who came up with the idea of making announcements between classes, but the students took it from there. Dan Roules created the broadcasts with some helpful suggestions from the other students. John Ibbotson admitted that some of the historic events were made up.

Econ Club's stock was Anacomp, a computer programming company. The students bought 13 shares at $12.87 a share and sold it for a profit at $18.50 a share.

John Ibbotson, JoAnn Tiemann, Evan Ruschill, and Debbie Mehaffy were glad they took the class because it showed them how the stock market and corporations operated.

Kevin Cover, David Mueller, John Ibbotson and Dan Roules controlled more than ½ the stock. John stated, "Making money isn't a good reason for taking Econ, it's the best reason."

This yearbook zeroes in on the game of life and the routine of school. The editors were Janet Dill and Michelle Bloyd. Michelle and Janet both felt that the biggest problem was getting people together to work. Another problem was working out new ideas and changing tradition. Some of the changes considered were spot color, graphic symbols, and professional lettering, "No handwriting will be in this yearbook," commented Michelle.

How does it feel to be in charge of pictures? Dana Baker commented, "I enjoy doing it even with deadlines to meet. It's fun." Dana added, "I like taking picutres of student's reactions in class and in the concourse."

The staff did not reach the goal of 450 books, but the decision was made to print anyway, hoping the slack will be picked up later. Dana McLaughlin led the yearbook sales with 131 books.

The object of this game was for Judy Belknap to prepare a 1-minute speech, be interviewed by FHA members and win a state office. Judy commented, "I was really nervous presenting my speech, especially in front of 775 delegates." The result was a 'big win' for Judy who was elected state vice president.

Other activities took place prior to the conference. In September a skit concerning FHA and it's functions was presented to the new members.

However, FHA is not all fun and games. In September, the chapter helped Judy Belknap with various activities, since Judy would conduct the district meeting at Mt. Pleasant. It was at this meeting that Dana McLaughlin was elected as the new district secretary.

In October a Tupperware party was held which 'paid off' as $360 was added to the treasury. The top sales-persons were Joan McLaughlin and Sheila Schrader.

At the monthly meetings various speakers came. Dale Metcalf explained, "I enjoyed the speaker from Baskin Robbins the most. I felt it was interesting to watch how one makes an ice cream cake and because we all received samples which were delicious and yummy and fattening."

"I LOVE TO EAT," demonstrates Dale Metcalf at Daddy Date Night, along with Cindy Edmonds, Brenda Staats, Bonnie Schnicker and her dad.

Trying to win the whistle-cracker game are Sheila Schrader, Heidi Wagenbach, Nancy Cling, Bonnie Schnicker and DeAnna Poggemiller.

During February Daddy Date Night was held. Nancy Cling replied, "It was nice to spend an evening with my dad and to let him know what FHA is doing."

As March approached, so did the FFA banquet. Mrs. Carruthers, chapter advisor, replied "The girls were responsible for preparing and serving the food. They did an extremely good job."

In April state conference was held. Mrs. Carruthers and three girls represented Mediapolis. Judy was elected as state vice-president at this conference. Joan McLaughlin stated, "Conference would be my highlight of the FHA year, especially with Judy receiving an office."

The Mother-Daughter Tea also takes place in April. Sheila Schrader explained, "It's a chance to see what the girls have sewn. I also think the formal session of installation is impressive."

Linda Siegle summed up the year by adding, "The year was a lot of fun; however, I'm looking forward to next year."

Four FFA members were awarded the Iowa Farmers degree at the State Convention held at Waterloo. Seniors Randy Beckman, Pat Edmonds, and Dean Vantiger and alumni Duane Beckman were awarded the second highest degree obtainable by FFA members. This degree is only awarded to 2% of membership in the state and this is the first time the chapter has ever had 4 recipients in one year.

The highlight of the year is the parent-member banquet held in March. The members and guests were entertained by a speech delivered by Chuck Howellet, state FFA president. DeAnna Poggemiller was crowned Chapter Sweetheart and Pat Howell and Dennis Spitznogle were awarded the Honorary Chapter Farmer degree. Kerry Kline commented, "It was a nice banquet and I believe that it was well planned and went very smoothly."

Out of all chapter activities Steve Nelson noted, "The state convention was most interesting because I got to talk to James Irwin, the astronaut." Dean Vantiger and Todd Heckenberg served as official delegates for the chapter at the District and State Conventions. The chapter received a state BOAC award for having a chemical can drop in the spring.

"Being a District Officer is a lot of fun and you also get to meet a lot of successful people," declared Bill Hillyard, after being elected as vice-president of the Southeast District. Some of his many duties throughout the year include being a member of the "courtesy corps" at the state convention and helping out at district leadership camp.

The chapter participates in many contests during the year on the subdistrict, district, and state level. The members earned a total of 4 gold awards, 14 silver awards, and 5 bronze awards. Ben Luckenbill commented, "The soil judging contest was the most enjoyable for me because we got first place out of 8." The team also secured a plaque that the chapter gets to keep for winning it more years than any other team in the subdistrict.

Some of the other events the chapter sponsored included: watermelon feed for the FHA, selling fruit, seeds, and can rinsers, sponsored a special in local paper during National FFA week, and a parent-member chili dinner.

I.N.S.

Mr. Kaufman started I.N.S. three years ago with five members. Since then the club has grown.

The objective of the club is to inform elementary students about the dangers of smoking.

Susan Umthun said she joined "because I think kids should know the effects of smoking." Beth Reighard joined "because my mother smoked and I didn't like it."

Gail Housman is the only original member and has stayed in "because I enjoy going to it and talking to other classes."

Throughout the year they talked to second, fourth, and sixth graders and some have favorite classes. For instance, Gail's favorite was the fourth grade because they like to talk. Beth Reighard liked the fourth grade "because they were interested in what we were talking about and they asked good, intelligent questions."

The club used several methods to illustrate the harmful effects of smoking. Films were used for the second and fourth graders, while slides were used for the sixth graders. Pamphlets were used for all groups.

Weekend Trip to Davenport

The Future Secretaries enjoyed a weekend trip to Davenport. On their trip they toured the John Deere Co.

The girls visited many of the offices including the mail room and the duplicating room. They also visited the Atrium, which is an indoor garden.

The girls were very impressed with the tour as it gave them a first hand look at how an office is run.

The girls raised the money for the trip by selling a variety of items such as stationary, plaques, and recipe cards.

Lisa Luckenbill stated, "Future Secretaries teaches you all about office work and things you'll need to know to be a secretary."

LA FIESTA

Stefan Wiklund was one of the top ten in the state in the State Spanish Contest. He also had the highest score for a second year student in the chapter. In April the Spanish Club went to Cedar Falls to participate in a Spanish Festival. Stefan received first place in extemporaneous speaking. First year students prepared a puppet show called, "Little Red Riding Hood." Andy Fedoris was the big bad wolf; Kent Carter, Granny and the woodsman; Amy Petersen, Little Red Riding Hood; and Kenton Klenk, Narrator. Four girls sang "Eres Tu" which was arranged by Dawn Schaffer. The group got a I and was one of the top five singing groups.

"I liked to go to school and play with the tractors and I liked the rice krispie squares," commented Craig Belknap, a four year old.

Craig was just one of the 19 kids who attended a party held at school for children between 2-4 years old. The party was to study physical and mental abilities of children. Nancy Cling, a student in class, stated, "After the party, I felt I gained more understanding of children, along with realizing the games they liked to play."

With a week of hard work and many preparations the party was held on 2 days. Each student wrote down a child's name that he wanted to bring. There were a few children

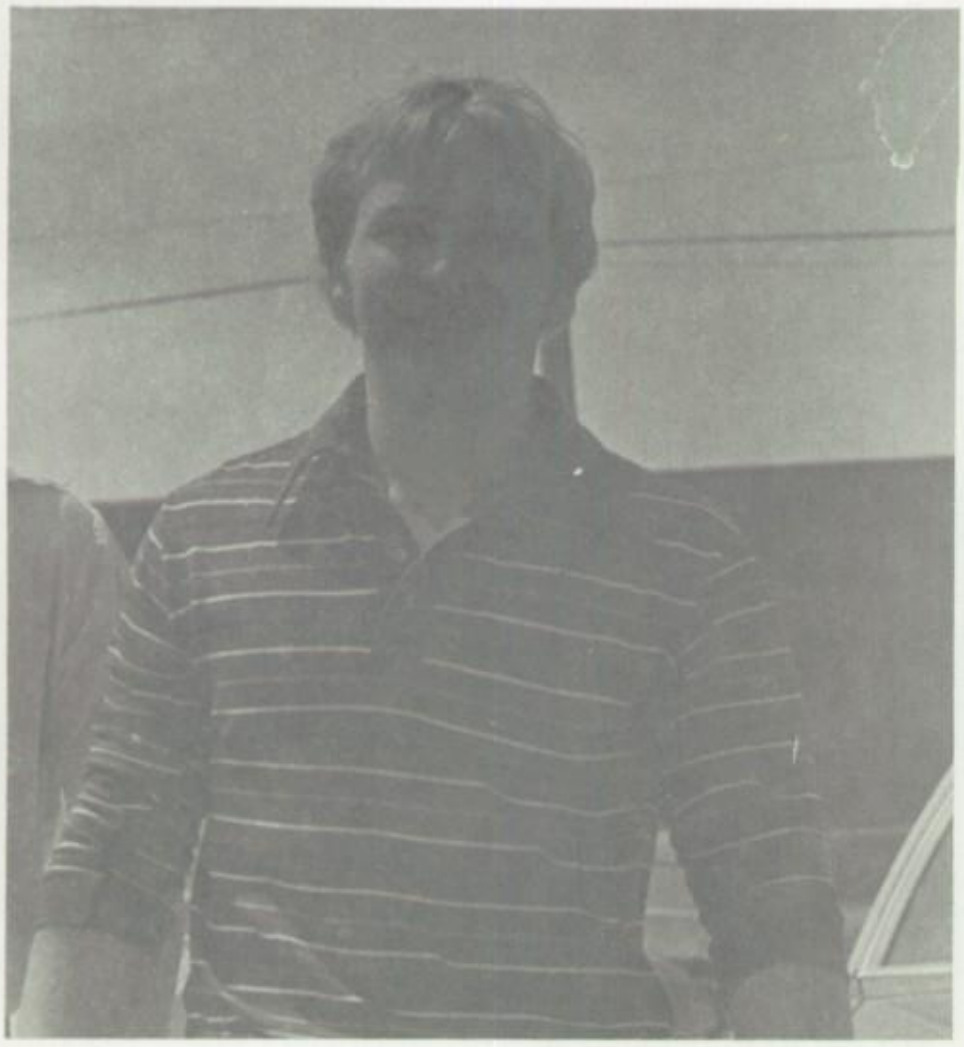
Next we went outside for awhile; however, it was a little cold so we came back inside and played games. We played London Bridge and Ring-Around-the-Rosie, saving the toys for last. FOREIGN EXCHANGE STUDENTS SERVE AS AMBASSADORS



Stefan, who is in the Spanish club, received top honors at a Spanish festival held in Cedar Falls.

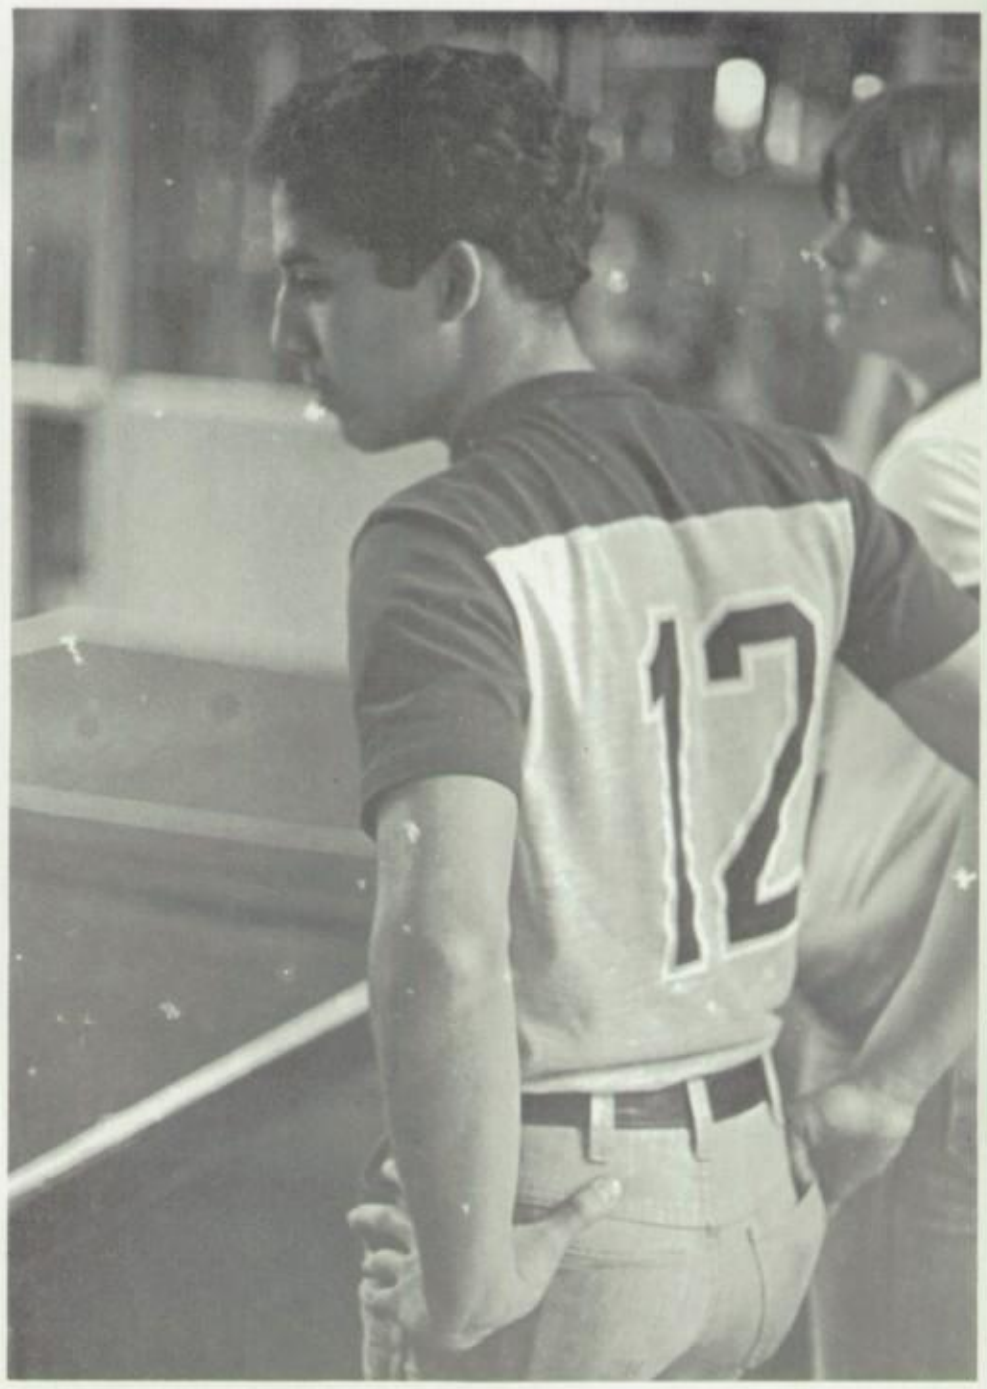
Kirsten Hansen, 16, a foreign exchange student from Copenhagen, Denmark has enjoyed her stay with the Jerry Allen family. She really doesn't have a favorite teacher. "Everyone is special in their own way," replied Kirsten. At home she has one brother and one sister. After graduation Kirsten wants to visit New York. Kirstin commented, "The thing I'll miss most about the U.S. is the openness of the land."

Oscar Carrizo, a 17 year old from Central Panama, is living at the Melvin Nelson residence. Back home Oscar enjoys such sports as volleyball, basketball, soccer, and ping-pong. Oscar explained, "There is no real difference in school at home and in Mediapolis, except uniforms are worn, and the language spoken is Spanish."

Oscar's hobbies include girls, music, and sports.

Stefan Wiklund, foreign exchange student from Sweden, has been staying at the Ken Black residence. Stefan was born in Lund. Although he said it was hard to compare the two towns he stated that he likes the "relaxed way of life" here in Mediapolis. He also likes the personal touch with the teachers at MHS, commenting that there was "good contact with the teachers." In his other school there are no groups or clubs of any sort, so Stefan has taken advantage of the opportunity provided here and joined the Spanish Club.

In addition to speaking Spanish he also speaks English, French, and, of course, Swedish. On his observation of American life, Stefan pointed out that "your view of marriage and sex seems a bit old fashioned compared to Sweden."



One of Oscar's hobbies is ping-pong.

While attending school Kirsten worked at Mark Twain Restaurant.

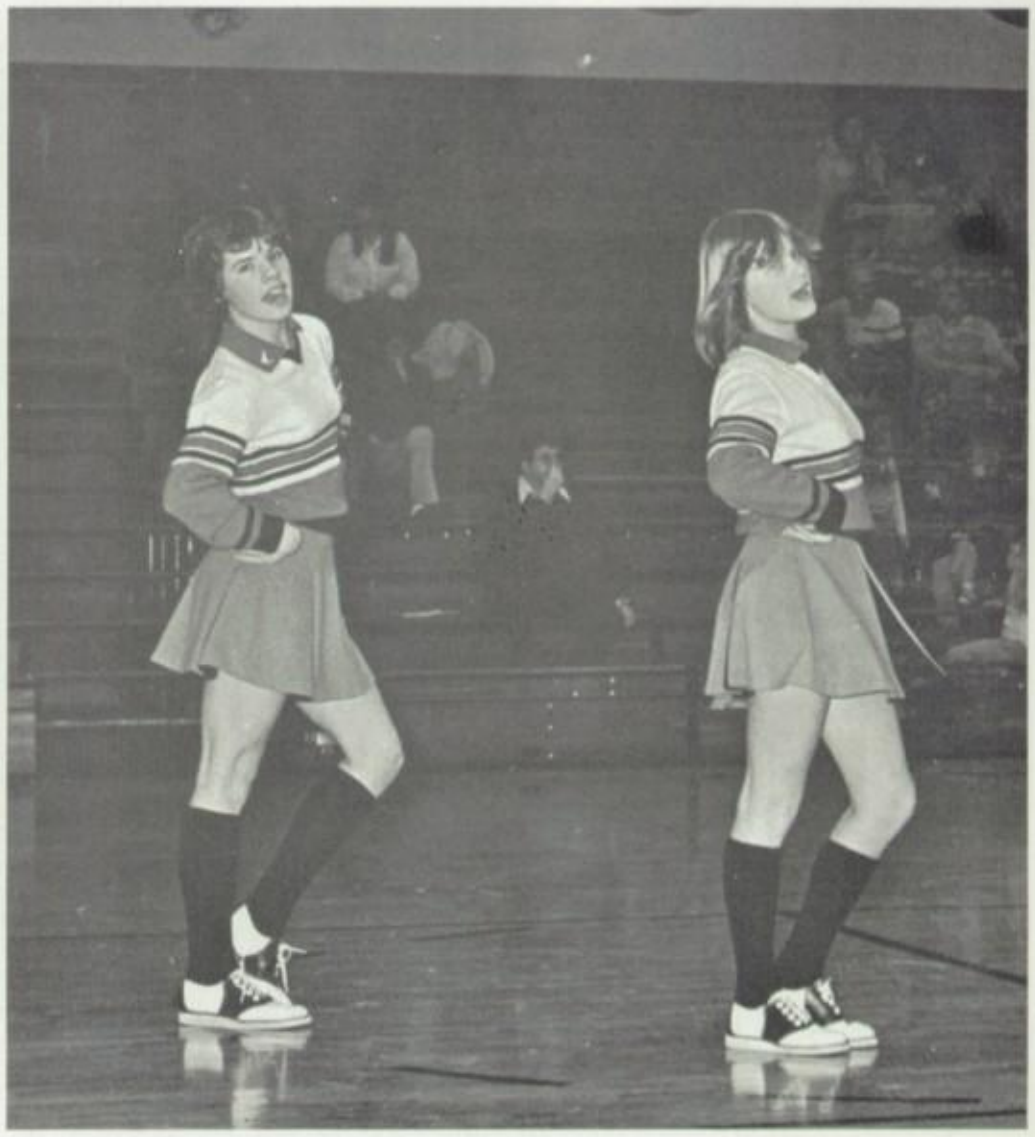
Wrestling Cheerleaders come off the mat after a match at Sectionals.



J.V. Cheerleaders Sheila Schrader and Mindy Riepe.

Wrestling Cheerleaders: Kris Schrock, Darla Wallman, Kenna Peterson, Sandy Brockway, and Linda Meeker.

CHEERLEADERS

Cheerleading started off with the rowdie and yelling football crowd at the beginning of the year.

"Our main goal was to keep the crowd going throughout the year, when it usually slacks off," stated Deanna Poggemiller.

The traditional cheering and rowdiness up at State was as good as always. The football and basketball Varsity Cheerleaders had a big turnout of about 100 girls at their fund raising kiddie-clinic which went towards goodies for the teams to help them get psyched up.

The wrestling season was a good year although no wrestlers were sent to state. There was always a big crowd turnout at the invitationals and meets.

Kenna Peterson stated, "I loved wrestling cheerleading because you're cheering for each guy individually."

All the cheerleaders agreed that the spirit improved greatly, especially when the guys started cheering - SHOCK!!!!!

Varsity Cheerleaders: Jacinta McLaughlin, Kathy Poggemiller, DeAnna Poggemiller, Cindy Kenny, Lisa Honson, and Kathryn Ertz.

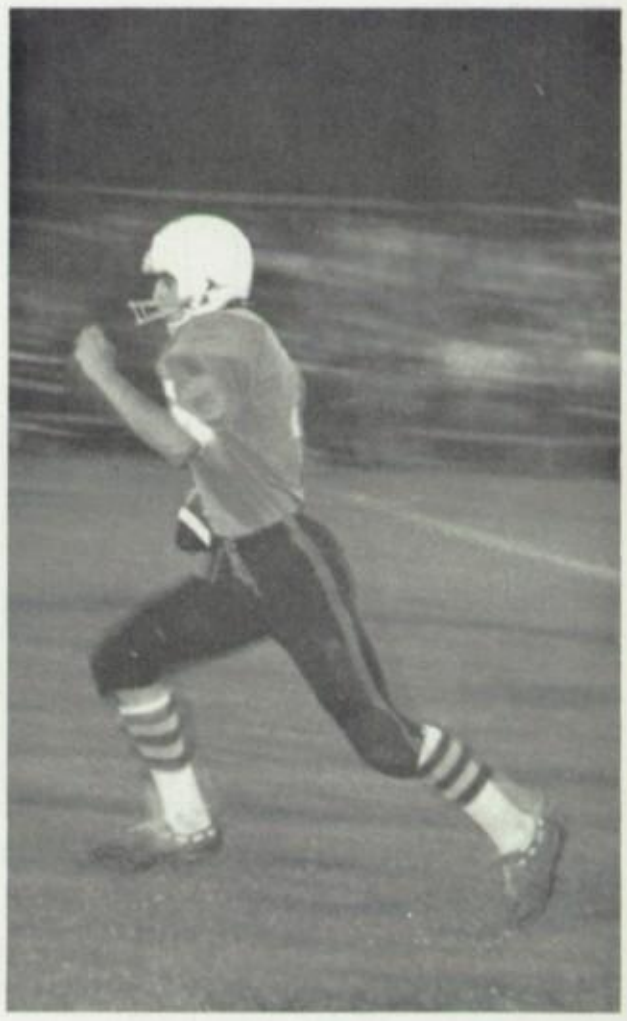
Bulldogs get fired up before the game against Columbus.

The season ended with seven wins and only two losses. The season opener was with Lone Tree, the temperature was above average, but that didn't stop the Bulldogs ambition, for they won 21 to 14. The next week the Bulldogs traveled to Danville, where they tangled with the Bears. The hitting was hard and the weather was fair. But the Bulldogs fell to the Bears 20 to 12 after leading at halftime. The following week the Bulldogs bounced back on a crisp cool night to defeat the Morning Sun Tigers 43 to 22. The fourth week of the season the Bulldogs started their 5 game shut out era, by defeating the New London Tigers on their own field by a score of 14 to 0. The next week the Bulldogs pulled off a big win over the Highland Huskies, on a half soaked field with a score of 21 to 0. Then on Homecoming night after the rain poured down, the Bulldogs drowned the L & M Falcons on a slippery turf. The defense held L & M to a score of 0 while the offense rolled up 7 points in the third quarter.

The seventh week of the season the Bulldogs worked hard to get ready for the Columbus Wildcats, who they met one week later. But at the end of the seventh week, the Bulldogs stormed past Winfield MU 27 to 0 on a chilly night. The following week the Bulldogs met the Conference Champs-to-be, the Columbus Wildcats. Despite the two weeks of hard work the Bulldogs were overpowered by a score of 12 to 29. The ninth week of the season the Bulldogs had a defensive brawl with the Wapello Indians. At the end of regulation time the score was still 0 to 0. But then the sudden death came into effect and the defense held the Indians for another series of downs, and the offense scored after that to end the game 6 to 0, and to end the season with a record of 7 and 2.



Jeff Sisco heads downfield.

DEFENSE HOLDS OPPONENTS ON THE GREEN: COLLECT 7 WINS AND 5 SHUTOUTS

The offense scores their first and only touchdown against L & M in the homecoming game.

In the rushing department Doug Roelfs lead with 712 yards in 133 carries, he also carried the team with 10 touch downs. Chuck Schulte finished in passing with 649 yards. On defense Mike Butler and Wayne Kroll dominated with 63 tackles apiece. In the interception department, D. Honson, D. Krieger, C. Schulte, J. Sisco, and M. Brown tied with 2.

PLAY THE MARKET

5-4-1 the Market remained stable - no gain or loss

The season turned out to be evenly balanced. "It was a good season with a few disappointments but overall I enjoyed my first year as head coach," stated Mr. Cummings.

Feelings varied on the out-come of the season. "We beat Columbus Jct. the only team in conference that defeated us last year because we trained harder," exclaimed Jeff Horn. John Abel then added, "It was my first season to make it to the finals, and we had a lot of close meets that didn't always go our way which made our season not look as good as it really was!" "We were much closer as a team than last year and this made us push each other harder," explained Scott Anliker. John Ibbotson stated, "The co-captains, Jeff Horn and Dennis Reynolds, kept us going when we got down or depressed." Todd Massner laughed, "My most memorable moment was wrestling Clark Yoder, state champion at 132 and almost taking him down."

Fastbreaking against Notre Dame are Pat Edmonds, Doug Roelfs, and Chuck Schulte.

THREE NEW RECORDS SET

RECORD BREAKING DEFENSE CARRIES BULLDOGS TO CONFERENCE CHAMPIONSHIP

The Bulldogs set two defensive records enroute to winning the conference with a 16-3 record.

The Bulldogs held opponents to an average of 41.9 points a game, breaking the old record set in 1975 by 2.5 points. The Bulldogs also broke the defensive low for one game by allowing Morning Sun just 14 points, shattering the old record of 23 points against Winfield-Mt. Union set in 1976.

Chuck Schulte also set a record by making 46 out of 61 freethrows for 75%. Pat Edmonds tied Brent Thie's record for the most rebounds in one game by pulling down 16.

The season was labeled by most as a successful one. Assistant coach, Kent Harshbarger noted, "This years team may have been the most balanced." Many of the players agreed with him.

Pat Edmonds stated, "Everybody worked together as a team instead of as an individual."

Chuck Schulte exclaimed, "We didn't have much individual talent, but I feel we had one of the best teams."

Junior, Jeff Lipper, added, "I think we had a good attitude and enjoyed playing with this year's Seniors."

Leading the team in scoring with 319 points, Pat Edmonds guards Washington's center in the first round tournament game.

DEFENSE AND ATTITUDE LEAD GIRLS TO 16th STATE TOURNEY

The Bullettes made it a real "Sweet Sixteen" by edging undefeated Fairfield in Regional 34-33 to win their 16th trip to Des Moines. Led by the second best defensive average in the state, the team compiled a 25-3 record, two of those losses coming at the hands of state runner-up Bettendorf.

Coach McLearn, who celebrated his 500th win as the Mediapolis head coach, felt the team's strengths were "defense, good attitudes, good reserves like Pat and Michelle, good FG%, and not too many turnovers."

Dale Metcalf thought the highlight of the year was "Winning Regionals because I was part of it." Judy Belknap thought much on the same lines commenting, "Going to State was the highlight because you're finally rewarded for all your work."

The JV team also fared well ending up the season undefeated (10-0). First year assistant coach, Kim Whiton, felt the JV team's strong points were " the depth in the forward and guard courts." He picked the Bettendorf game as the high point finalizing, "We played well against a bigger school and a good team."

BULLDOGS FINISH THIRD: COLLECT 1 CATCHER AND 9 WINS

The 1978 baseball season came to a 9 and 4 conference finish. The most exciting game according to Tony Arnold was the Morning Sun game, in which the Bulldogs beat the Tigers 4 to 3 in 9 innings. It was the only time the Tigers were beaten until they got to the state tournament. Another thriller was the Danville game, in which the Bulldogs overpowered the Bears 8 to 7 in 11 innings.

The Bulldogs also participated in the Wilton tournament, losing both games while suffering from intense summer heat.

Rick Baker made first team at his catching position and the team finished third in conference standings.

The Bulldogs pitching staff consisted of G. Wolfe, C. Schulte, and M. Butler. In the catching department R. Baker and K. Klenk manned the plate. C. Meeker, M. Swafford, B. Runyon, T. Arnold, and K. Cover played the outfield positions. C. Schulte, G. Wolfe, and D. Honson played first base. K. Holsteen guarded second base. The shortshop position was powered by D. Roelfs. L. Kroll and D. Krieger controlled third base. K. Krieger also played an outfield position.

In batting, L. Kroll led with an average of .397 while R. Baker followed with a .371. D. Honson said, "The worst thing about varsity was the fear of striking out in a close game."

ADD NEW COACH: ADVANCE 3 BASES

Changing coaches in mid-season forced the girls to adjust to new leadership. "The drills were different than we were used to, but they really helped us out," stated Pat Oberman.

The team's leadership was founded in seniors Sherlyn Holsteen, Cathy Brockway, and Deb Tucker.

"Even though we had an even record we had a good attitude and held our heads up all the way through the season," commented Deb Tucker.

Dana McLaughlin felt that the team "learned how to lose well" during the course of the season.

erlyn Holsteen dives to tag an incoming base nner as Pat Oberman backs up the play.

Coach Diane Paynter gives the girls some last minute advice before they take the field.

1st Row: M. Darbyshire, J. Ruschill, J. McLaughlin, K. McGuire, R. Hollingsworth, J. Cover, T. Terry, K. Minnick, D. McLaughlin, D. Orr. 2nd Row: L. Patterson, P. Mehaffy, S. Lundeen, C. Brockway, S. Holsteen, D. Tucker, P. Oberman, L. Meeker, R. Goughnour, Miss Paynter.

The 2-mile relay at the Notre Dame Invitational proved to be an important race as well as an exciting one. Pictured are all four runners of the relay near the end of their leg. D. Roelfs, S. Hedges, T. Distelhorst, and W. Kroll held off Fort Madison Aquinas to win the trophy.

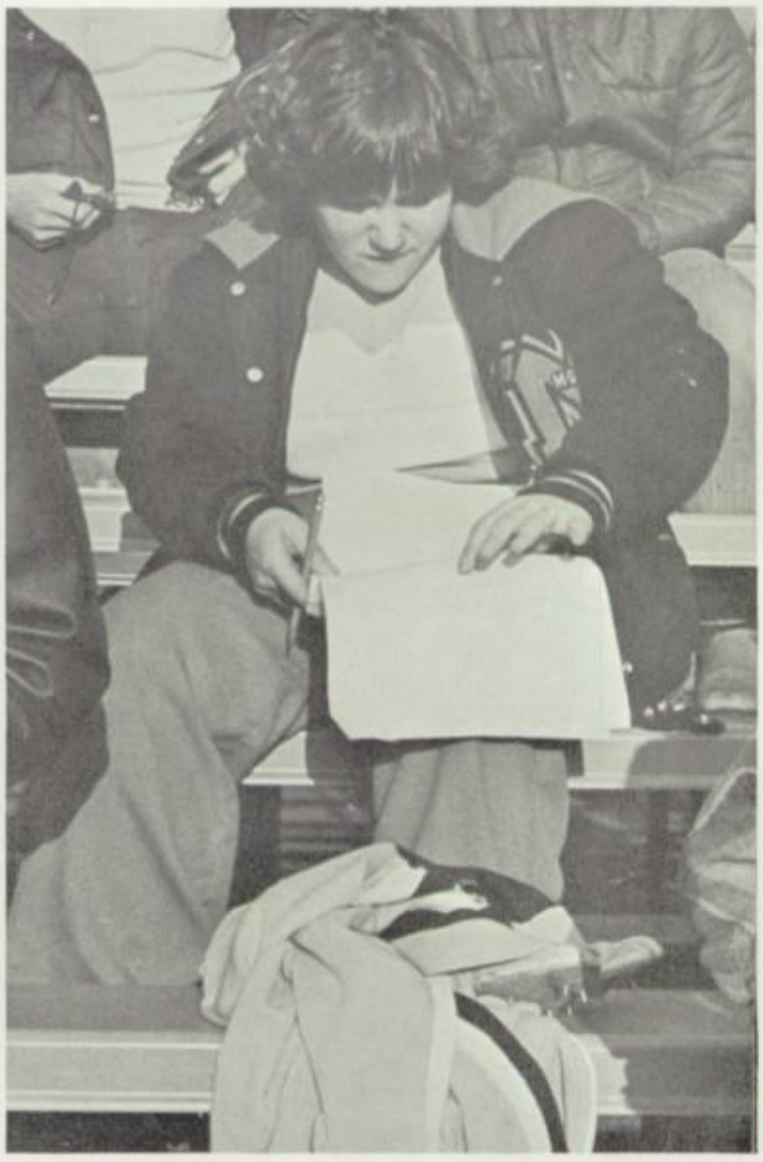
JUNIORS LEAD TRACK TEAM

The track team won two trophys. Mediapolis got third at Pekin and took first at Notre Dame. "There were four or five races that were really close that could have gone either way, but we won every one of them. If we had lost one, we probably would have gotten second instead of first," commented Coach McConnell.

"There were no seniors out so the juniors were the leaders," added Coach McConnell. He went on to say that the four juniors that were the core of the team were W. Kroll, M. Brown, J. Sisco, and J. Lipper. Three records were broken. W. Kroll broke his own record in the 880. C. Terry broke the 2-mile run record previously held by M. Brown. The 2-mile relay team of M. Brown, S. Hedges, D. Roelfs, and T. Distelhorst, broke the old record set in 1972!

Twisting and turning, Brian Mueller lets loose of the discus.

he sole representative of the Mepo track team at the state meet is Ruth eyerhelm clearing 5'2" for a new school record and an 8th place finish.



Coach Kaufman's "right hand" for the past three years is Sharon Black taking down times.

Showing off her hurdle form is Kathy Schulte competing in the 400 meter hurdles.

Contributing to the 2nd place finish in the 2 mile relay at the Conference meet is Cindy Sayre.

TRACK GIRLS BREAK 13 OF 20 RECORDS AND QUALIFY ONE FOR STATE

Although having a small squad of 15 members, the girl's track team produced 13 letterwinners and shattered numerous school records during the course of the season. Success was due mainly to the fact that "the girls were a lot stronger and more dedicated than in the past" according to Coach Kaufman. He felt the team's strong points were "without a doubt the 2 year letterwinners — the juniors. We were especially strong in the 2-mile and mile relays, sprint medley, and any middle distance or long sprint races."

The mile relay team was the lone conference champion on the team that finished in a tie for fourth, quite a jump from last year's placing, and a mere 3 points from 3rd. Placing in 4 events at Districts, one of which qualified for the state meet, was another improvement from past years. Coach Kaufman thought this was the highlight of the year as did Assistant Coach, Mr. McLatchie.

Breaking records seemed to be the popular thing to do this season. Gia Williamson thought the most exciting thing about the season was "breaking the 2-mile relay record by 14 seconds!" Cindy Sayre's was much the same as she stated, "Breaking the mile relay by 10 seconds!" Freshman Tammy Terry felt "lettering my first year in Varsity Track" was the most important.

GIRLS' GOLF

1st Row: S. Umthun, D. Wagenbach, B. Staats, R. Reif. 2nd Row: Mr. Harshbarger, K. Lohmann, L. Umthun, D. Tucker, K. Minnick.

NEW RECORD SET: 168 IN 9 HOLES

"We haven't done so well," stated Mr. Harshbarger, girls' golf coach, when asked about the golf season. "The reason," he explained, "was due to the weather." Usually he starts practice with the girls early, but the rain really hurt the girls. Brenda Staats decided the hardest thing about golf was concentrating. "Missing the ball when teeing off," was embarrassing for Brenda. Brenda liked golf because she found it a challenge. The girls' record, taken before the season was over, was 1-6. Lisa Umthun, Kayla Minnick, Dale Metcalf and Kim Lohmann were the top golfers. Lisa Umthun had the lowest score out of these girls. Her score for 9 holes was 48. Most of the girls agreed that golf was fun.

BOYS' GOLF

1st Row: J. Murphy, T. Staats, R. Wyss, A. Fedoris, J. Rector, J. Abel. 2nd Row: B. Miller, K. Thie, J. Goudie, R. Robu, B. Abel, K. Hyndman. 3rd Row: C. Schulte, K. Warth, M. Mehmken, E. Ruschill, Mr. Harshbarger.

The boys' golf team ended up with a 9-7 record. When Mr. Harshbarger was asked if he had a stronger team compared to last year, he replied, "It was the best team in the school's history. I think we came out with a strong team. There were five freshmen, two sophomores, five juniors, and four seniors." The boys have some good young players such as Andy Fedoris and Randy Robu. There are three seniors that will be leaving. These three are Mark Mehmken, Chuck Schulte, and Kevin Warth.

The best score shot was 39 by Chuck Schulte on nine holes. The team set a record for the best four scores combined for nine holes. The old record was 171, but now it is 168.

Mr. Harshbarger stated, "I think we have a good chance to make it to the districts, but I don't think we can make it to the state."

Starts Out on Life's Highway

They now are ready to start on life's highway, graduating from the class of '79. They will deal with success, failure and revenge. As Kevin Warth stated, "I'm glad the school days are over and I'm ready to move on, however I do feel a tiny bit sad."

To many of the seniors the prom was their highlight. Dale Metcalf replied, "I thought the band was pretty good and the person I went with was fun. I also feel the juniors did an excellent job planning the prom."

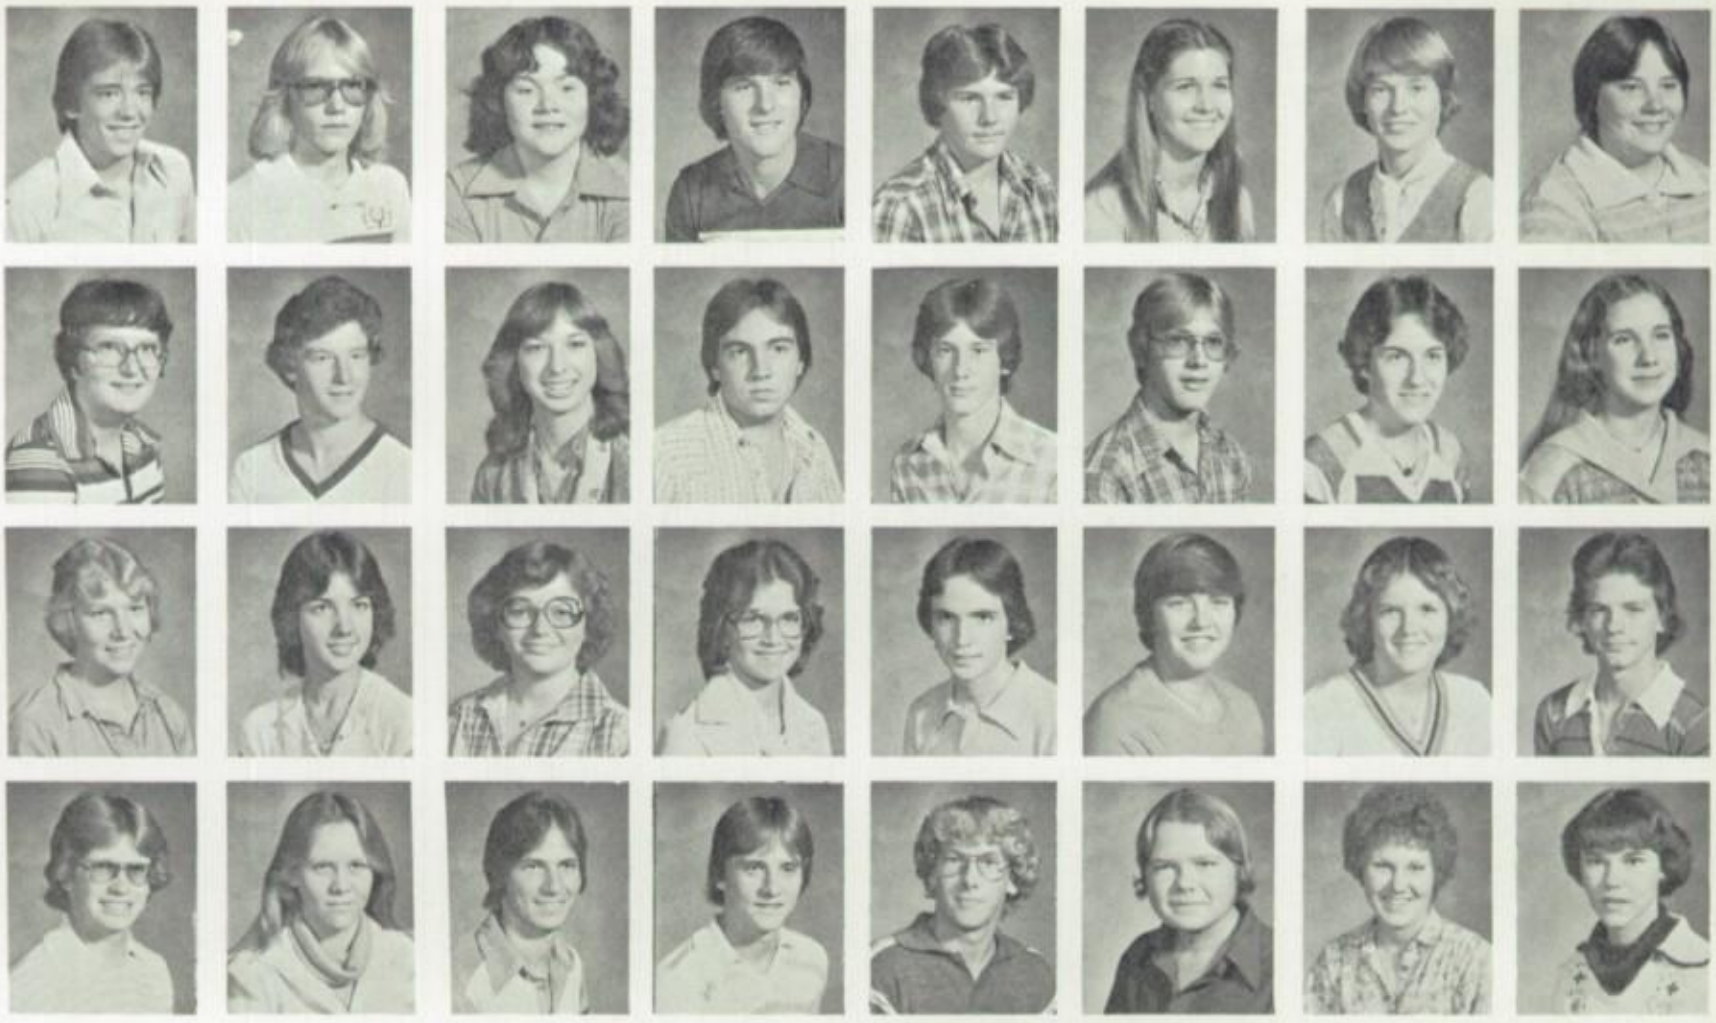
According to one of the senior boys, the senior class is a multi-talented varied class. For example, Lorna Schulz has maintained a 4.00 average during high school. Doug Roelfs was chosen for a variety of football honors as well as Pat Edmonds for basketball. Mike Distelhorst and Dan Roules have participated in speech contest and the school play for 4 years.

Another interesting fact is this year 16 seniors were recognized for a scholastic average of 3.50 or better during four years in high school. According to Mr. Kelly the most any class has ever had was 10. These students were Jan Parker, Lori Loper, Dan Roules, Lynn Schulte, Nancy Kelly, Lynn Huiskamp, Cathy Brockway, Gail Housman, Lorna Schulz, Lisa Umthun, Michelle Bloyd, Heidi Peterson, Deb Wagengach, Nancy Cling, David Mueller and Stefan Wiklund (exchange student).

This years Citizenship Award was presented to Chuck Schulte, while the Bar Association Award was presented to Nancy Cling.

They now must deal with the future. Some of the students plan to go to college, others may find a job and settle down, yet others are undecided. Kenna Peterson replied, "I'm scared to think about the future. I just wish I could have my senior year over and over." Deb Tucker commented, "I'm glad I am done with school and anxious about the challenges of society."

Lorna Schulz stated, "As a whole, we have a good class. We are a group, yet not ashamed to be individualistic."



Juniors Advance 1 Step: Collect Senior Year

We're all crazy and like to have fun," exclaimed Darla Wallman when explaining what makes the junior class outstanding. Cindy Kenny added, "We're a close class that's not afraid to act like ourselves and have fun." Looking back on their year, most juniors agreed that memorable moments were Homecoming, Sno-ball, state tournament, and prom. Besides being close, the juniors are very active. 22 participate in band, 40 in chorus, 9 DDT, 6 auxiliary members, 1 majorette, 6 cheerleaders, 7 in girls basketball, 5 in boys basketball, 12 football players, 7 wrestlers, 6 in boys track, 7 in girls track, 6 golfers, 5 baseball players, and 3 in softball. School time is not the only time juniors get together. The county fair is always time for fun and competition. Other summer fun included tennis, swimming, and parties. Ray Wilson summarized junior parties by saying, "We really have some FUN parties."

NAME THAT JUNIOR

1. What junior boy has gone steady with the trash can by the pop machine all year?
2. Name the junior girl who participates in almost everything?
3. Who are the "twins" of the junior class?
4. Who is the cheerleader with the collection of ribbons?
5. Name the junior girl known for her unusual laugh?
6. Name the junior boy with the brightest hair?
7. Who is know as "King Tut" of the junior class?
8. Name the junior girl who chews bubble gum obnoxiously?
9. Name the junior track man who'd run a ½ mile for anything?
10. Name the junior guy with disco fever?

Sophomores Alive

Dana McLaughlin's most remembered moment was when she was elected FHA District Secretary and Treasurer. Bob Booth, Jeff Defosse, and Monte Scott all remember one night when Bob Strawhacker totaled his car on Main Street.

How does the Sophomore class act as a group and how do they compare to the other classes? Kathy Howell commented, "Our class has many varied abilities but could improve on how they use them." Kris Schrock stated, "I think we really have a calm sophomore class." It's a rambling class according to Steve Hedges and Brad Coates.

But on the other side of the story, Lee Ann Loper remarked, "We are a dead class and quite immature." "The sophomore class is the rowdiest bunch of burn outs in the school," stated Lolly Morrison. "That's just the way we are 'wild and free.' "

SURVIVAL HINTS

1. Don't get to be a "big wig"
2. Never pick on freshmen with upperclass friends or a brother or sister
3. Watch Seniors; they can't tell the difference between freshmen and sophomores

ACADEMICS

1. Don't wreck the Driver's Ed. car
2. Laugh at Mr. Kerr's jokes
3. Take your science requirements early to get rid of Mr. Kaufman
4. Don't fall asleep when Mr. Harshbarger gives interest tests

SOCIAL LIFE

1. Be polite and agree with the biggest person
2. Never get caught in a dark damp hallway or else you'll be in a cold cramped locker
3. Move from isolated lower lockers to soph., jr., and sr. area
4. Don't think the can is safe

Freshman Spirit Lives

The freshmen are strong, healthy living young people that have just entered high school. They seem to like 9th grade better than 8th grade. Linda Patterson noted that there is "more freedom" and Bob Hamilton observed "you also have a lot more responsibility." Bob Brown disagreed with them, "It's boring." Andy Fedoris said, "When the whole class is together, they act pretty decent." Amy Peterson shared the same comment.

Delena Moore said, "I think we have a bigger, better class than the upper classmen, but some are immature." Matt Shafer stated, "I think my most memorable experience was when I pinned a Mt. Pleasant kid in wrestling." When the young teenagers were asked what their most embarrassing experience was, they all said something about speech class. One example is what Diana Orr said, "It was when I was giving a speech in class and I started laughing and couldn't stop."
